Supported living in Norfolk

About this home

- Supported living
- Located in Heacham
- Suitable for adults with autism and/or learning disabilities
- Three bedrooms: two doubles and one single

At a glance

Supported living in Norfolk

This recently developed supported living home, offers three bedrooms and supports adults with autism and/or learning disabilities. There's access to a communal dining room, living room, conservatory, and garden, making this home feel very spacious.

Heacham is a quiet area predominantly inhabited by retired residents. There are lots of local amenities for people supported to access. For larger supermarkets, clothing stores, home stores, and other shops, you'll need to travel to King's Lynn, which is about a 35-minute drive on a quiet day. Travel time can increase significantly during the summer months due to busy traffic on the A47.

This home's profile number is 352.

Detail

The ground-floor features an open-plan layout with the kitchen being the only room separated by a door from the living and dining area. Additional amenities include a porch, conservatory, and garage.

Upstairs, there are three bedrooms: two doubles and one small single. The bathroom includes a shower-over-bath. Stairs lead directly from the living area with no wall or door for separation.

The front and rear gardens are gravelled with a few shrubs, and the wooden decking seen in photos has been removed. A driveway is also available.
